

NUGEVITY

AS 10[®] LIFE

Developed for the US astronaut program under a Space Act Agreement, this Spinoff high-performance daily multi contains all the essential vitamins and minerals you body needs, along with added nutrients that have been shown to play role in maximizing performance and preventing the signs of premature aging.*

Complete nutrition for adults of all ages

Benefits

- Provides all essential vitamins and minerals in optimal amounts to supplement the modern diet.
- Specifically formulated to support health at the cellular level, to help address the most common signs of premature aging, and to maintain top health and performance.*
- Ideal for active individuals concerned about their exposure to everyday environmental stressors including pollutants, physical activity, and other health-influencing factors.*

Key Ingredients

- **Chelated Minerals** facilitate the absorption and utilization of trace minerals in the body*
- **Resveratrol** is a natural compound associated with, and studied for, a variety of benefits related to the maintenance of youth and the support of healthy cellular aging*
- **Alpha Lipoic Acid and Bioflavonoids**, such as those derived from Pine Bark or Citrus, have been shown to help support the immune system and may provide added stamina*

Directions For Use

Take two (2) tablets daily, preferably with food, or as recommended by a physician.

Contraindications & Precautions

Keep out of the reach of small children. Do not use if you are pregnant, nursing, or have a known allergy to any of its ingredients. Individuals with a known medical condition should consult with their physician before using.

Product Features

AS-10[®] LIFE has been scientifically researched by academic and clinical institutions, and is a Spinoff of technology used on space shuttle journeys as well as International Space Station missions.
