AmeriSciences® MD

Joint Ease

A natural blend of ingredients that support joint health, lubricate and provide the necessary building blocks of cartilage. AmeriSciencesMD® JOINT EASE is the right choice to help you deal with the twists, turns and bends in your day.*

Do What You Love... Comfortably

Benefits

- Helps improve range of motion, flexibility and comfort in healthy joints.*
- May enhance the production and maintenance of healthy joint tissue*
- Stimulates collagen synthesis in chondrocytes (cartilage cells)*

Product Features

Joint Ease features the more concentrated hydrochloride variety of glucosamine, yielding 40% more active ingredient than the commonly used sulfate form, and meeting compendial pharmaceutical standards.*

Key Ingredients

- **Glucosamine** is a naturally derived aminopolysaccharide that provides the dietary building blocks for construction and maintenance of cartilage.*
- **Avocado & Soy Unsaponifiables (ASU)** have been researched and used in Europe for their ability to support healthy joint tissue and improve normal joint comfort.*
- **MSM (methylsulfonylmethane)** is a natural source of dietary sulfur. Studies suggest that it may play an important role in joint mobility, particularly when taken in combination with glucosamine.*

Contraindications & Precautions

Keep out of the reach of children. Do not use if you are pregnant or nursing. Individuals with a medical condition such as diabetes should consult with their physician. Although no allergic reactions have been reported from glucosamine, persons with known allergies to crustacean shellfish should exercise caution.

Directions For Use

As a dietary supplement, adults take three (3) tablets daily, or as recommended by a physician. Tablets may be taken with a meal if stomach upset occurs.
