

NUGEVITY

AmeriSciences[®]MD

OS²®

Based on the most up-to-date scientific evidence, OS²® goes several steps beyond other eye vitamin products. Our comprehensive formulation incorporates the science of many landmark studies to provide you with the ultimate Ocular Support Solution. Whether you are concerned about normal age-related visual decline, occasional dry eyes, macular health, or simply want to give your diet an eye-healthy boost, make OS²® a part of your life!

The Ocular Support Solution

Benefits

- Antioxidants such as those found in AmeriSciences OS²® have been shown to protect against age-related visual decline*
- May help increase visual acuity*
- Essential fatty acids found in OS²® support tear lubrication and relieve occasional dry eyes*
- Helps promote visual endurance and night vision*

Product Features

OS²® contains a unique blend of micronutrients, antioxidants and essential fatty acids, all carefully formulated and compounded into one single product that features a convenient, safe and easy-to-swallow softgel.

Key Ingredients

- Lutein & Zeaxanthin are pigments found in the macula (a key portion of the eye). Studies suggest they are involved in the protection of eyesight and may help improve vision.*
- Omega-3 Fatty Acids (EPA & DHA) play an important role in decreasing the symptoms of occasional dry eyes.*
- Alpha Lipoic Acid has been extensively researched for its ability to help protect vision and maintain healthy blood sugar levels.*

Directions For Use

Take three (3) softgels daily, preferably with food, or as recommended by a physician.

Contraindications & Precautions

Keep out of the reach of children. Do not use if you are pregnant or nursing. Individuals with a known medical condition should consult with their physician.
